

ZIPGROW™

FARMWALL

HYDROPONIC WALL SYSTEM FOR
GROWING INDOORS AND OUT
FOR HOMES, SCHOOLS AND SMALL BUSINESSES

ZIPGROW.COM

Foster plant growth with the ZipGrow™ Farm Wall™. This easy-to-use system can grow a healthy variety of leafy greens, herbs and fruiting crops.

Versatile

Available in height and width options, the Farm Wall can be used indoors or out, hung on walls, fences, or buildings. The optional light kit provides supplemental lighting for indoor use.

Simple

Designed by farmers for people with little hydroponic growing experience. No complex parts, machinery, or expensive maintenance.

Productive

Proven crop yields show that this tool can grow 2x faster than soil production without the need for weeding or pesticides. Install indoors and extend your season to 365 days a year.

FARM TO FORK MADE SIMPLE.
